GLC:

1. George Murphy, JCAE, says he was queried on Bauser's 15 August letter to Colby on Alsop article and "for the record" Murphy reported [to whom he didn't say--maybe Price] that "CIA staff met with JCAE staff on such and such date and answered the questions contained in the letter"

2. Murphy wants you to know this so that if you are queried both of your stories will be consistent.
